

Susanne Mitko featured on cover of 'HerLife' magazine

Susanne Mitko, Lee's Summit R-7 School District and Missouri Teacher of the Year, was recently featured in a cover story for the February issue of "HerLife" magazine.

Ms. Mitko was named Lee's Summit Teacher of the Year last spring and was chosen for the state recognition last fall. She was selected as the state's top teacher following an extensive application process, including a personal interview with a nine-member selection committee appointed by the Missouri Department of Elementary and Secondary Education.

Ms. Mitko is in her sixth year of teaching seventh-grade social studies at Bernard Campbell Middle School and has taught for a total of 18 years.

The cover story focuses on Ms. Mitko's job as a social studies teacher at Bernard Campbell High School and her passion for education. The magazine also features several photographs taken of Ms. Mitko and her students at BCMS.

The magazine cover and article may be viewed at <http://www.herlifemagazine.com/>.
